

Qualified IB Tutor | Mathematics and Physics

With over a decade of experience in teaching, I specialize in IB Maths, Physics, and SAT/ACT preparation. My journey began in Hong Kong, where I developed a passion for helping students excel in challenging subjects. I take pride in tailoring lessons to meet individual needs, ensuring that each student not only understands the material but also enjoys the learning process.

Teaches: SAT ACT Maths Physics

Curriculum: II

Qualifications

International Baccalaureate: Qualified Online Teacher (Mathematics and Physics HL/SL)

Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. They have extensive tutoring experience with a track record of success, helping students achieve their academic goals.

Tutoring Experience

I have been teaching for over 12 years, beginning my career in Hong Kong and gradually expanding to an international clientele. My teaching philosophy is rooted in the belief that education should be engaging, challenging, and deeply rewarding. I have had the pleasure of working with students from diverse backgrounds, each with unique learning needs. My experience spans various educational systems, including the IB and A-Level curricula. In my previous role at an international school in Hong Kong, I successfully guided students to achieve top scores in their IB exams, particularly in Maths and Physics. I also specialize in preparing students for standardized tests such as the SAT and ACT, where my tailored approach has led to significant improvements in scores. Beyond academic success, I focus on building students' confidence, critical thinking skills, and a lifelong love for learning. My dedication to my students is evident in their results and the strong relationships we build over the course of our lessons. I now work as a full-time online tutor, where I continue to innovate my teaching methods to provide the best possible experience for my students.
