🎓 Qualified IB Tutor | BSc in Chemical Engineering

Hello! My name is Joryne, a recent graduate from the United States with a strong passion for teaching. I specialise in IB and IGCSE Maths and Sciences, with a focus on Chemistry and Physics. My goal is to help students not only understand these subjects but also develop a genuine interest in them, fostering both academic success and curiosity.

Teaches: Maths Science Physics

Curriculum: IB IGCSE GCSE

Qualifications

University of California, Berkeley: BSc in Chemical Engineering (2023)

Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

As a fresh graduate, I bring a fresh perspective and recent academic experience, which I find invaluable in relating to my students. During my university years, I tutored fellow students in Maths and Chemistry, focusing on making complex concepts easier to understand. I also volunteered as a mentor for high school students preparing for their IB and IGCSE exams, helping them build strong foundational knowledge and develop effective study habits. My teaching approach is centred on understanding each student's unique needs and adapting my methods to ensure they grasp the material fully. I believe in creating an encouraging and interactive learning environment where students feel comfortable to ask questions and explore topics in-depth.
